

ATTENTION ALL DADS AND FATHER FIGURES

If you are the father OR father figure (Uncle, Step-Dad, Granddad, Cousin, Friend) of a developmentally disabled child then this program may be for you! The Trumbull County Fatherhood Initiative is introducing a 3-week program (1 or 2 days per week—your choice) to provide new information you may not know that will help you encourage your child's healthy growth and development at home. Fathers receive three different gift cards to assist with transportation and other items for participating. Day, Evening and Saturday classes are available and refreshments will be provided during each class. Classes begin in May!
